

# The Ducklings Trust

The Ducklings Trust is a charity set up in 1984 to raise money to help improve the environment in the Maternity Unit and in the community for families and staff.

Now with the Stoke Mandeville Labour Ward and two Birth Centres in Stoke Mandeville and High Wycombe, the continuing need to fundraise is vital to help add even more new equipment and continue to help make the units be the best birth environment possible.

As well as organising fundraising events, contributions from the public are very welcome. All money raised means that The Ducklings Trust can build on their previous achievements and continue their efforts to support the Maternity Services.
